

I would like this entered as written into the Nov minutes.

I David Cobb vote no on the 2011 Budget.

2011 budget about favors and favorites.

Highway Dept. Spending up 17.2%
Revenue down 6.9%
Last three years down 25%

Sand salt mix could easily save \$40000 dollars, This is not only a dollars issue but a safety issue as well

Gradeall purchase is a direct 25 cent per thousand increase on Town tax in 2011

Fund bal/contingency \$176,853 or 11.3% of 2011 Budget. That's way too much tax payers dollars to be holding onto in this economy.

I feel the fire dept has been very responsible and respectful to the taxpayers holding their budget in line and raising funds they need as has our Zoning Officer taking a \$1000 dollar + 4% pay decrease.

Christmas comes once a year. This year baseball trips and gradealls.

A lost opportunity to lower tax rate!

David Cobb
